

## **Compost Cupcakes**

### **Ingredients:**

- 1 box of chocolate cupcake mix (any brand will work)
- Chocolate frosting
- Oreo Cookies
- 1 Gallon Zip Lock Bag
- Gummy worms
- Small knife (with help from adult)

### **Instructions:**

1. Begin by following the directions on the cupcake box to make cupcakes.
2. Once the cupcakes are cooled, place the package of Oreo cookies into a zip lock bag.
3. Seal the bag tightly and begin to crush the cookies into thin crumbs. This will be used as the soil.
4. Use the chocolate frosting to frost the cupcakes.
5. Immediately after frosting, sprinkle the cookie crumbs on the frosting so that it is able to stick.
6. Once the crumbs are placed, use a small knife (with the help of an adult) to make 2 holes onto the top of the cupcake.
7. Place two gummy worms into the 2 holes that were carved.
8. Now your compost cupcakes are complete and ready to serve.
